ENTREVALOR

Setup research checklist

What to look into for your location. Record the official source and the date for each answer.

- [ ] Business name and registration: state business registration office
- [ ] General business license: city or county clerk or licensing office
- [ ] Licenses for chemical treatments (if offered): state department of agriculture
- [ ] General liability and vehicle insurance: quotes from two licensed agents
- [ ] Self-employment taxes and whether you need an EIN: IRS and a tax professional
- [ ] Sales tax on your services: state department of revenue
- [ ] A separate bank account for business money

Sources I checked (and dates)

This lists what to research. It is not legal advice and does not register or license anything. Confirm requirements with the official agency or a qualified professional.

Licensed for your personal and internal business use. Resale or redistribution is not permitted.
